

## **QA Skills Assessment Answers – Sankavi Raveendran**

### **1. Questions & Clarifications**

- How is a Best Seller defined (sales volume, ratings, or internal tag)?
- What is considered the same price range (exact price, percentage, fixed range)?
- Should out-of-stock products appear in related products?
- Should sponsored / advertised products be included or excluded?
- What happens if fewer than six best sellers are available?
- Should related products always be from the same sub-category for example men's wallet vs women's wallet?
- Should related products update on page refresh?
- Are currency differences allowed if sellers are international?
- Is this feature visible to all users or only logged-in users?
